Our plan covers both preventive and a wide range of emergency services, helping to ensure your smile stays bright year after year.

Why Choose NYSSCPA Group Dental Insurance?

NYSSCPA Group Dental Insurance can provide real value for your dollar.

With NYSSCPA, you'll have:

- **Choices:** You'll have access to thousands of dentists and specialists located throughout the country
- **Quality:** Each participating dentist has gone through a rigorous and ongoing review and selection process¹
- **Freedom:** You can choose the dentist you want, regardless of whether he or she is inside or outside of our network²

- **Savings:** Our negotiated fees⁴ are typically 30-45% less than average fees⁵ for the same or similar services charged by dentists in your area²

How Does the Plan Work?

The NYSSCPA Group Dental Insurance plan provides benefits for preventive care and a wide range of emergency and specialty dental treatment. You can choose between the High Plan or the Low Plan, depending on your specific needs and budget. Details of each option are outlined below.

Low Plan

Annual Maximums

You and your covered spouse and dependents are entitled to receive up to \$1,000 each in dental benefits in any calendar year after the cash deductible is satisfied.

Deductibles

For Type B (basic) and Type C (major) services, an annual deductible of \$75 is required for individual coverage. For family coverage, the annual deductible is \$225. For Type A (preventive) services, the deductible is waived.

Reimbursement

You and your covered dependents will receive reimbursement for dental services according to the following guidelines:

- Type A (preventive): 80%
- Type B (basic): 60%
- Type C (major): 50%

The reimbursement schedule for dental services is the same, regardless of whether you choose an in-network or out-of-network dentist. However, your out-of-pocket costs may be higher with an out-of-network dentist. Out-of-network dentists have not agreed to accept negotiated fees, which are typically 30-45% less than the average fees⁵ charged in a dentist's community for the same or similar services.

High Plan

Annual Maximums

You and your covered spouse and dependents are entitled to receive up to \$2,000 each in dental benefits in any calendar year after the cash deductible is satisfied.

Deductibles

For Type B (basic) and Type C (major) services, an annual deductible of \$50 is required for individual coverage. For family coverage, the annual deductible is \$150. For Type A (preventive) services, the deductible is waived.

¹Certain providers may participate with MetLife through an agreement that MetLife has with a vendor. Providers available through a vendor are subject to the vendors credentialing process and requirements, not MetLife's. If you should have any questions, contact MetLife Customer Service. ²Out-of-pocket costs may be greater if you visit a dentist who does not participate in the network. ³MetLife data as of year-end 2017. ⁴Negotiated fees refers to the fees that in-network dentists have agreed to accept as payment in full for covered services, subject to any co-payments, deductibles, cost sharing and benefits maximums. Negotiated fees are subject to change. ⁵Based on internal analysis by MetLife. Savings from enrolling in a dental plan will depend on various factors, including how often participants visit the dentist and the costs for services rendered.

Reimbursement

You and your covered dependents will receive reimbursement for dental services according to the following guidelines:

- Type A (preventive): 100%
- Type B (basic): 80%
- Type C (major): 40%

The reimbursement schedule for dental services is the same, regardless of whether you choose an in-network or out-of-network dentist. However, your out-of-pocket costs may be higher with an out-of-network dentist. Out-of-network dentists have not agreed to accept negotiated fees, which are typically 35-45% less than the average fees⁵ changed in a dentist's community for the same or similar services.

Alternate Benefit

- would produce a professionally acceptable result under generally accepted dental standards; and
- would qualify as a Covered Service.

Cancellation/Termination of Benefits

Coverage is provided under a group insurance policy (Policy Form GPNP99-TRUST (7/10)) issued by Metropolitan Life Insurance Company. Subject to the terms of the group policy, rates are effective for one year from your plan's effective date. Once coverage is issued, the terms of the group policy permit Metropolitan Life Insurance Company to change rates during the year in certain circumstances.

Coverage terminates when you cease to be a member of NYSSCPA, when your dental contributions cease, upon termination of the group's participation in the Trust, or insurance ends for your class. Coverage for dependents ends if your insurance ends, on the date you die, the group policy ends, participation in the Trust ends, the date dependents' insurance ends under the group policy, insurance for your dependents ends for your class, the person ceases to be a dependent or premium is not paid for the dependent when due. There is a 31-day limit for the following services that are in progress: Completion of a prosthetic device, crown or root canal therapy after individual termination of coverage.
